Sepandan, apre plis pase 40 ane gwo itilizasyon, pon an bezwen yon gwo reparasyon. Pwoblèm reparasyon yo koute chè epi yo reprezante anpil defi pandan pon an travèse Kanal Barge ak Wout Ray CSX la. Li pa fasil jan li parèt la. Pou de ti vil ki posede yon gwo pon, sèl opsyon an se te fè ti reparasyon lè gen nesesite. Sibvansyon sa a ki nesesè anpil la pral asire yon reparasyon konplè nan Pon Frankfort-Schuyler a epi bay tout vwayajè yo nan Mohawk Valley, vwayaj ki an sekirite pou ane k ap vini yo lè yo sèvi avèk pon an. Atravè efò konsolide alafwa vil Frankfort ak Schuyler, ansanm ak sipò ofisyèl eli yo ak konsèy DOT NYS la, nou te kapab "konble diferans nou yo" epi travay ansanm pou rezoud yon pwoblèm transpò enpòtan."
